# Preparing Your Computer for the Platform Software Infrastructure Training

Installing Flash Player 10 – necessary to run the training
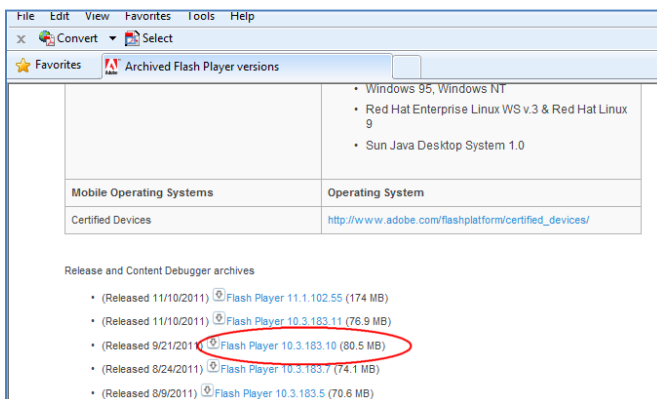

1. Access http://kb2.adobe.com/cps/142/tn_14266.html .

2. Scroll down until you locate **Flash Player 10.3.183.10.**

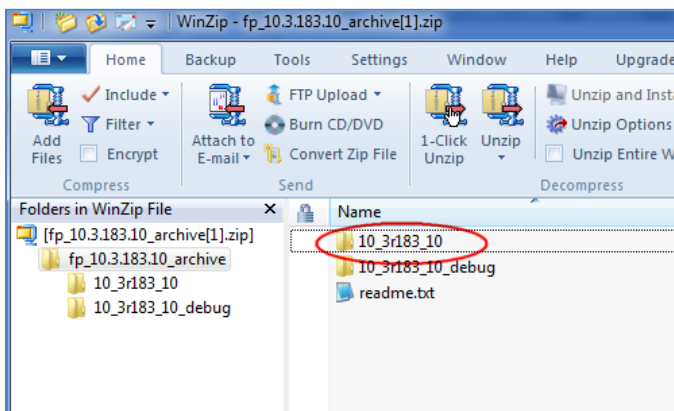

3. Click **Flash Player 10.3.183.10**.

4. Click **Open**.

   *If you receive a security warning, accept it.
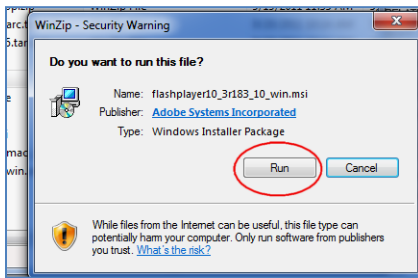

5. Double-click the **zip file.**

6. Double-click the **10_3r183_10** folder.

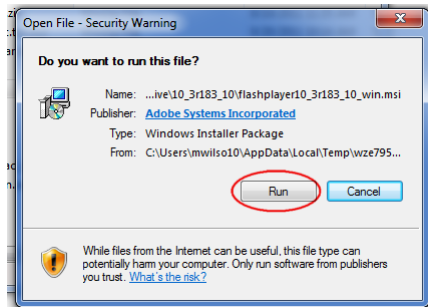

7. Double-click the file ending in **win.mis**.

8. Click **Run**.

9. Click **Run**, again.

10. Click **Install**.

11. Allow the program to access your computer by clicking **Yes,** and then select **Finish.**
